#AutoErase FREE FOR ANY ORGANIZATION

Add “Is my record cleared?” to our website

A free box from autoerase.org that tells a visitor, in about 30 seconds, whether an arrest that did not lead to a conviction clears by itself in their state, and what to do next. Made for legal aid groups, reentry programs, churches, libraries and employers.

For the person who approves it

Cost
Nothing. No account, no contract, no ads.

What it collects
Nothing. It runs in its own frame from autoerase.org, so our page cannot see what a visitor picks. No cookies. None of the visitor's answers go to us or to autoerase.org.

What we agree to
Keep the #AutoErase logo and link in the box.

Taking it off
Delete the line. Nothing else to undo.

Languages
English or Spanish.

See it working

Scan, or visit **autoerase.org/partners** for a live preview.

For the person who adds it (about 5 minutes)

Option A. Paste this one line where the box should go:

```
<script src="https://autoerase.org/widget.
js" async></script>
```

Option B, if the website builder removes that line (often on Wix, Squarespace, Google Sites, Shopify):

```
<iframe src="https://autoerase.org/widget.
html" title="#AutoErase: is my arrest reco
rd cleared?" width="100%" height="420" sty
le="border:0;max-width:420px" loading="laz
y" referrerpolicy="no-referrer"></iframe>
```

Where to paste it:

1. **WordPress:** + then Custom HTML
2. **Squarespace:** Add block, then Code
3. **Wix:** Add, Embed Code, Embed HTML
4. **Google Sites:** Insert, Embed, Embed code tab
5. **Webflow:** Add, Code Embed
6. **Shopify:** Pages, then Show HTML (<>)

No code at all: link the words “Check if my record clears” to **https://autoerase.org/#check**, or print the poster from autoerase.org/partners.
